The beauty Salon

earth wind fire water

Dear clients,

Happy New Year to everybody. We hope you had a wonderful Christmas and are enjoying the start of 2008. It has certainly been a fantastic start for Lacey as she gave birth to her little boy, on Friday 4th January. The baby's weight was 7 pounds and 7 ounces and both mum and baby are doing well.

NEWS

Following the success of last years "Bring a friend" offer, we are repeating this promotion until the end of February. When booking a similar priced treatment for yourself and a friend you will receive both treatments at half price. Whilst we would prefer the treatments to be enjoyed at the same time, if we cannot accommodate this clients can visit us within one week of their friend's treatment.

ENDERMLOGIE

With the new year underway you might be considering trying to loose weight or even re-define your body shape. Whilst for many this means dieting or joining a gym, our Endermolgie treatments are a proven way to improve the appearance of cellulite as well as toning loose or sagging skin. Indeed, it is the only salon treatment that has been proven by scientific studies to improve the appearance of the skin and improve the body's circulation. It is designed to work as a course of 15 treatments and we are offering the course at a reduced price of £450 (normal price £595). Alternatively, you can enjoy individual treatments at £40.

SPECIAL OFFERS FOR JANUARY & FEBRUARY

With Valentine's Day fast approaching we are offering two packages:

Valentine's Essentials Package - A neck and shoulder massage and an Intermezzo facial £20 (normal price £26.50)

Valentine's Indulgence Package - An Escale Beaute facial and a file and polish on fingers and toes £40 (normal price £48)

Bring a Friend! - When booking a treatment for yourself and a friend, both treatments will be half price. This offer is for new and existing clients. (Both treatments must be enjoyed before March and excludes courses and packages).

With love from us all,

Ruth and the girls XXXX
