The beauty Salon

earth wind fire water

Dear clients,

Thank you for your patience over the last few months as girls have left and new faces appeared. I know at times it has been difficult to book appointments but we are working to maximum speed once again!

NEWS

After a rather hectic summer we have decided to decorate the salon in time for the busy winter period. Colours are yet to be decided so watch this space!

After the successful launch of the St Tropez Every Day Body cream they have introduced St Tropez Everyday Face. This is available in two shades fair to medium and medium to dark. Not only does it give the skin a natural glow it also works to help reduce the appearance of fine lines and wrinkles.

Last months newsletter was the first time some of you had received this in the form of an e-mail. If you would like to be the first to receive our latest news and offers then please let us know your e-mail address on your next visit.

OPI have just recently launched their new autumn winter collection. Inspired by the elegance of Russia's past the colours are sophisticated and modern. The range includes rich dark colours such as brown, plum and black. The polishes are priced at £9.50.
