The beauty Salon

earth wind fire water

Dear clients,

I hope this letter finds you all well and making plans for the summer months. There are also two bank holidays in May to look forward to so that can't be a bad thing! We are closed on these days so make a note of the dates given below.

NEWS

We now offer an "Express manicure" for those of you who want a quick but effective tidy up of the nails. The hands are cleansed using an enzyme cleanser which encourages cell turnover and increases firmness. The nails and cuticles are neatened up before finishing off with a relaxing hand and arm massage. This is priced at £15.00

The new Yon Ka Optimizer facial has been proving very popular with those clients who have all ready experienced this impressive anti ageing facial. When purchasing the new advanced optimizer products you will receive £10.00 off your next optimizer facial. If you would like further information then please ask at reception.

We now stock a range of handmade jewellery, which is made locally using swarovski crystals. These make an ideal present for a friend or a treat just for you!
